OUR STORY

Our journey began in Kuwait.

Since 2026

Lamora Travel launched in Kuwait in 2026. Our approach begins with listening: understanding why you are travelling, what matters to you and the budget you are comfortable with, then arranging suitable options around those needs.

The details that make a difference

A well-located hotel can reduce daily travel. A better flight time can make a family journey easier. A thoughtful itinerary can leave room to enjoy each day. We focus on hotel selection, responsive communication, budget-aware planning and support during the trip.

Islam Habib

Founder & General Manager. Islam leads Lamora with a focus on understanding travellers and making their decisions easier, supported by more than 15 years of experience in tourism and hospitality.

A Kuwait-based travel company serving individuals, families and couples, and welcoming providers whose solutions improve our operations.

OUR APPROACH

Comfort starts with the details.

Listen before recommending

We start with your destination, dates, travellers, children's ages and budget. If you have not chosen a destination, we help narrow the options around the experience you want.

Thoughtful hotel choices

We consider location, hotel category, room type, meals and traveller needs. Inclusions and exclusions are explained before you approve an option.

Responsive support, around the clock

Our call centre is available 24/7 for enquiries, new bookings and assistance during travel. Requests are coordinated according to the booking status and supplier procedures.

Planning around your budget

We balance accommodation, transport and experiences, helping you prioritise what matters. You should understand what you are choosing and why it suits your trip.

We help you choose a policy suited to your destination, trip duration and needs, explaining its scope according to the insurer’s policy wording.

Understand the policy

Review coverage limits, exclusions, excesses and the contact procedure before travel.

Before purchase

Tours & theme parks

We arrange tours, activities and theme park tickets that give your trip its character, taking account of traveller ages, interests and available time.

Time to enjoy

We help spread activities across your stay and clarify ticket types, inclusions and any agreed transfers.

Choose with confidence

Entry rules, age or height restrictions and operating times vary by activity; the selected option is reviewed before approval.

08

Travel eSIM

We help select a data plan for your destination and length of stay, keeping maps, messages and travel communication within reach.

Device support and the plan’s activation requirements are checked before purchase.

Data allowance, validity, coverage and activation steps follow the provider’s terms.

TRIPS THAT FIT YOU

Make room for good memories.

Families & theme parks

We plan around children's ages and parents' comfort: suitable accommodation, practical transfers and activities paced across the stay. Theme parks and ticket choices are matched to your plans, with time to rest between experiences.

Couples & honeymoons

From a seaside resort to a city you explore together, we arrange stays and activities around your style and budget. Tell us the occasion and your preferences, and we will suggest options to make the journey feel personal.

UMRAH TRAVEL

A more considered journey.

We assist with travel and accommodation arrangements for Umrah, considering traveller comfort, hotel location and agreed transfers. We start with your dates, group size and budget, then review suitable options with you.

Arrangements reviewed before approval

Flights or other travel arrangements, hotel category and location, stay duration, meals and any included transfers are set out in the approved offer, so you understand the journey before booking.

Before travel

Visas, permits and entry procedures remain subject to the relevant authorities and requirements in force at the time of travel. We review what is needed for your arrangements; approvals remain with those authorities.
